Step Ahead

May 18th Car Show Fundraiser at Colasanti's

This exciting event put on by Yesterday and Today's Shiny Toyz car club was a resounding success! It showcased an impressive array of vehicles from timeless classics to modern designs that attracted a busy crowd of enthusiasts and supporters. There were vendors and food trucks and live music to set the scene for a lively and fun afternoon.

And perhaps best of all? All of the proceeds went to BIAWE! Norm Lalonde and Denis Guilbeault of Yesterday and Today's Shiny Toyz presented BIAWE with a cheque for an unbelievable \$9000! We were absolutely blown away. This incredible donation will go a long way toward funding vital programs and services for our clients. It is because of the spectacular generosity and kindness of people like Norm and Denis that we are able to do what we do.

We are beyond grateful to Yesterday and Today's Shiny Toyz for believing in and supporting our mission in such an impactful way. And we have Danielle Ferri, BIAWE Board Member to thank for connecting us with this incredible car club and helping plan this event.

It is so inspiring to meet a group of people so dedicated to not only preserving automotive history but to creating meaningful change in the future of our community.

Thank you Norm, Denis and Yesterday and Today's Shiny Toyz for standing with us in our mission to enhance the lives of those affected by acquired brain injury.

Sunshine Calls

This program consists of regular brief social contact and talk therapy – a mental first aid. This is meant to be short term and does not require any formal contract.

It consists of empathetic conversation, referrals for higher risk situations by providing evidence-based therapy to people with mild symptoms of depression or anxiety.

It is designed to improve outcomes for our clients who live with an acquired brain injury by providing early intervention opportunities, improve their knowledge, reduce stigma and boost confidence, combat loneliness, improve mental health, recognize when people may need a referral to more formal treatment, help survivors keep medical appointments and stay in therapy.

It will bolster skills of leaders and mentors already trusted in the community and build a compassionate community by training people who may be invested in a person's recovery and can help with treatment.

If you're interested in having someone call you regularly, or if you want to be a sunshine caller, please contact clientservices@biawe.com.
